**Notes**

Due to a slightly later start for the 2019 season and depending on nominations there may be the need for some additional rounds in certain divisions. These will be published once nominations are known and the draws are released.

‘Team Lists’ as referred to above will require Clubs to submit a list of players for each team being nominated. This is to ensure that Clubs have an appropriate number of players per team to ensure their nomination is viable. The players should be listed regardless of their registration status (pending/active/pending awaiting payment/etc.).

More details in relation to pre-season Carnivals for MiniRoos and Competition Juniors will follow shortly.
