SUBJECT: Coaching Lanyards and Blue Cards/WWC

Dear Colleagues,

As we approach the return to competition, we require that all coaches and volunteers involved with teams submit their respective Blue Cards or Working With Children checks to obtain their lanyards. All personnel are required to have a lanyard and will not be permitted to partake in any activities if they do not have one.

Majority of clubs have already sent through and received their lanyards prior to the COVID-19 break, all which are still valid. We will only need to receive information for anyone who hasn't been issued a lanyard to print accordingly.

Please note that some clubs have still not collected their lanyards that were printed before the break. These are all available to be picked up from the office between 9am-5pm, Monday-Friday.

Should you require more information please contact me directly.
