

MEMO: 38-20

TO: All Clubs
FROM: Alan Marquez
DATE: 7th of July 2020
SUBJECT: QR Code

Dear Colleagues,

As the competition is fast approaching, Football Gold Coast are happy to confirm that we have developed a QR code for the COVID-Safe reporting system. This code will help clubs to record patrons who enter the facility without having to worry about all the paperwork and running around.

The code will be generated on signage produced by Football Gold Coast and hopefully supplied to clubs by the commencement of the competition on Friday the 10th of July. We have attached a copy of the poster that you may print and encouraging members to use from now if you wish.

The process for members to register is simple; they scan the code through the Camera application on their phone and fill out the information required. After submitting the form, the time stamp and location will be collated on the back end through Football Gold Coast and kept secure. Should that information be required for any possible outbreaks, Football Gold Coast will supply it to the relevant health and government authorities.

Should you have any questions regarding the code please contact the office.
