Dear Colleagues,

It has been brought to our attention that the Gameday App from SportsTG used by our members has not been updating accurately with the up to date fixtures and results.

We have contacted SportsTG regarding this issue and they have indicated that they are aware of it and are currently working on a resolution to fix the problem. They have indicated that they cannot give us a specific timeframe to fix this issue.

We ask you all to inform your teams and members to ensure that they check the draw directly on the SportsTG website through their computer or phone to ensure that they are aware of the most recent changes to the draw when they occur.

We apologize for the inconvenience and will inform you once this issue is fixed.

Should you require more information please contact the office.
