

## MEMO: 56 - 20

**TO:** All Clubs  
**FROM:** Kat Pryer  
**DATE:** 23<sup>rd</sup> July 2020  
**SUBJECT:** Player Photos MyFGC

---

Dear Colleagues,

We have had reports come into the office based on the player photos on MyFGC. Some clubs have players in the system whose photos are substantially out of date.

As per previous memos, players are required to have an up to date photo (no more than 2 years old) attached to their profile in MyFGC.

For example, it is not acceptable for an U16 player to have a photo of themselves when they were 8 years old.

We ask all clubs to liaise with their coaches and teams to ensure that this process is completed as quickly as possible to avoid any further issues. Coaches or managers can directly update their players photos through MyFGC on training or gamedays to make this process easier on the clubs.

If you are unsure on how to update these photos, please refer to the following steps;

- Club representative (Admin/Coach/Manager) logs in
- Click "Coaches" tab and then click "My Teams"
- It should come up with team roster and on right hand side click "View/Edit Player"
- The players profile will open and a photo can be now uploaded

Should you require any more information please contact the office.
